

# BELL & EVANS THE DIFFERENCES

## ***FAMILY OWNED***

WE'RE THE OLDEST BRANDED CHICKEN COMPANY IN AMERICA, and we've been innovating every step of the way. A lot has changed since we started in 1894, but our commitment to our chickens, our people and our quality remains steadfast.

## ***100% AIR CHILLED***

Our 100% Air Chilled method sears in the natural juices, tenderizes the meat, and eliminates the need for chilled chlorinated water that most producers use, which ends up in your chicken.

## ***HUMANE ANIMAL WELFARE FOCUS***

We believe our chickens deserve a good life. And we work hard to give it to them, from the second they hatch, to our Humane Society of the United States (HSUS)-endorsed Slow Induction Anesthesia.

## ***RAISED WITHOUT ANTIBIOTICS***

"No antibiotics ever." Sounds straightforward. It's not. Discover the truth about antibiotics, and see why our standards rise above the rest.

# A BELL & EVANS FIRST

At Bell & Evans, we go above and beyond to make the best products for you and your customers. We even achieved many milestones in order to remain the best. Our list of **FIRSTS** is why we are considered **THE EXCELLENT CHICKEN**.

1894-

Bell & Evans is founded by Howard H. Bell & Carlton Evans. They shipped fresh chicken by train from Amish Country, PA to New York City.

1985-

Sechler started cleaning and disinfecting the chicken houses between each flock.

1998-

Bell & Evans started raising birds without antibiotics.

2005-

Bell & Evans opened its \$26 million state-of-the-art 100% Air Chilling facility.

2010-

Bell & Evans introduced innovative freezer-safe recyclable packaging, made with #1 PETE recyclable materials.

2011-

Bell & Evans introduced Slow Induction Anesthesia (SIA) and the Bell & Evans Humane Animal Welfare standard, which garnered praise from the Humane Society of the United States (HSUS), People for the Ethical Treatment of Animals (PETA) and Temple

2017-

In July, Bell & Evans opened the world's first Organic Certified, Animal Welfare Focused Chicken Hatchery.

2017-

In November 2017, we hatched the first chicks of our New Breed, Das Klassenbester™, a higher-welfare chicken.
